Courses for Pre-registered Optometrists

Including the City University Pre-registration Programme

Our Courses

CLEARVIEW Training's East Midlands Final Assessment Course

A weekend course, East Midlands

Ensure your path to successful qualification is trouble free. Be guided through the lead up to your Final Assessment by our experienced College Examiners on our Final Assessment Course.

Held over a weekend at the Burleigh Court International Conference Centre, Loughborough, just one mile from junction 23 of the M1, this lecture based course covers each of the subjects of the Final Assessment as an interactive lecture presentation.

There are also breakout sessions in small groups to discuss pre-prepared clinical records guiding you through the clinical decision making (CDM) exam.

Lectures to include:

The routine exam, soft contact lens fitting, rigid gas permeable lens fitting, contact lens aftercare exam, ocular disease and abnormalities and the clinical decision making exam.

A CLEARVIEW of the Clinical Decision Making Exam

A one-day course, various locations

This one-day course consists of a series of interactive session presentations covering the core subjects of the clinical decision making (CDM) exam.

There are also breakout sessions in small groups to discuss pre-prepared clinical records.

Sessions to include:

Case record interpretation, binocular vision case management, management of partial sight, occupational optometry and dispensing, interpretation of visual fields, colour vision anomalies, case management, referral criteria and the law.

The City University's Pre-registration Programme

The Core Competency Course

A weekend course, central London

Get ahead early by enrolling on our Core Competency Course. Held over a weekend at the City University's Fight for Sight Optometry Clinic in London, this lecture-based course hosted by CLEARVIEW Training, is held early in the pre-registration year in time to prepare for the Quarterly Assessments.

Each subject is broken down into manageable chunks and taught by a number of experienced College Assessors. Preparation for the Quarterly Assessments could not get off to a more positive start!

Lectures to include:

Contact lenses, ocular disease, routine, partial sight, drugs, occupational optometry, dispensing, binocular vision, investigative techniques and law.

The Mock Exam Course

A weekend course, central London

Held over a weekend at the City University's Fight for Sight Optometry Clinic in London, this practical based course, hosted by CLEARVIEW Training, is held towards the end of the pre-registration year in time to prepare for the Final Assessment.

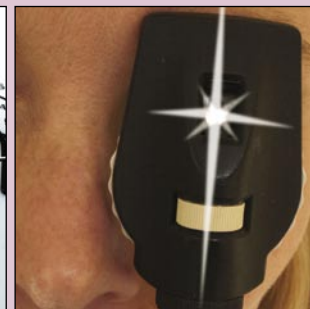

The *Saturday's mock exam day* will put all delegates through each of the practical exams that make up the Final Assessment: each exam is held in real time and by current College Examiners - it doesn't get any closer to the real thing than this!

Mock exams:

Ocular disease oral, ocular disease station, contact lenses and the routine exam

The *Sunday tutorials* include a series of rotations addressing the clinical decision making exam, slit lamp techniques and binocular vision assessment.

Online

A CLEARVIEW of Online Education

We have teamed up with **Flame Health Limited** to bring you an innovative **Optometry Blog** at www.ukoptometry.co.uk.

Can't get to a course? Our online education programmes can be accessed anywhere, at any time. Packed with online resources and interactive discussions, the **Optometry Blog** gives you access to some of the best thinking in the profession. Download our lectures and resources as part of our E-Learning Solutions Programme, created by our team of College Examiners and Assessors.

With '**Ask the Examiner**' trainees can post questions directly to our team of Examiners. No question is left unanswered.

What's more, it covers topics such as current affairs, new technologies and research, as well as keeping you up-to-date with the best employment opportunities and what's happening in your pre-registration year.

Be **CLEAR** on what's happening. Find out the latest information when it's right for you, with our **RSS feeds**. Keeping in touch couldn't be easier.

Don't let the opportunity slip away.

The screenshot shows the homepage of 'The Optometry Blog'. At the top, it says 'The Optometry Blog' with the CLEARVIEW logo and 'in association with Flame Health'. Below the header is a navigation menu with 'FRONT PAGE', 'ABOUT US', 'CONTRIBUTORS', 'CONTACT US', and 'RSS FEED'. The main content area features a post titled 'The Final Assessment - Ask the Examiner' by Jane Macnaughton, dated May 21st, 2007. The post text discusses the final assessment exams and offers a sample case scenario. There are 17 responses so far. A sidebar on the right includes a search box, a tag cloud, and a 'Recent Posts' section with links to articles like 'Claiming for CET - whose money is it really?' and 'The Eyes and Vision Specialist Library, National Library for Health'.
